Recommended Xerox Media for Phaser 8500DN, 8500DX, 8550DP, 8550DT, and 8550DX (Europe)

Revision 3.0 February 2007

Last Revision July 2006

This supersedes any previous Recommended Media for Xerox Phaser 8500DN, 8500DX, 8550DP, 8550DT, and 8550DX list

Important Note:

All media are listed by product, Paper Type System Setting, Paper Type, weight (standard gsm), re-order number, size, and tray runability. The additional information column is for hints and tips on how to run certain media applications.

Media recommendations made in this publication are based on qualification tests* conducted using standard test images with moderate to heavy image area coverage. Test duration for each product/media type is based on the suggested machine monthly copy/print volume. Test machines are maintained within specifications defined by user documentation.

***Testing environment Temperature 20 degreesC±4, Relative Humidity 40% ±10%. For those customers operating equipment in environments of extremely low or high humidity - not all products on this list have been validated under these conditions. The products indicated by an asterisk represent those where such testing has taken place and the media has been deemed suitable for these environments. Media appearing on this list without an asterisk may be suitable, however the necessary testing has not been conducted.**

***Machine reliability specifications may be affected by increased usage of the Transparency, Card Stock, Label, and Special modes. In addition, variances in machine reliability may occur due to extended use of some media types. Your Xerox service representative can advise you on special application media types for long duration copy/print runs.**

For specifications and a description of the various media types discussed in this publication, please refer to www.Xerox.com.

For additional recommended Phaser media, look under Supplies on: <http://www.office.xerox.com/> and select your Product Family.

Card Stock (120 -216 gsm) 	
Special  Label 	
Transparency 	

* Except for Transparency the front Panel setting primarily identifies for the driver what media is loaded in the tray. Print quality and speeds between these modes will be similar.

Paper	Paper Type*	Weight	Re-Order #	Cross Reference #	Type	Size	Trays				Additional Information
							1/MPT	2	3	4	
Xerox Xprint *	Plain	80 gsm	3R95248			A4	A	A	A	A	
		90 gsm	3R95254			A4	A	A	A	A	
		100 gsm	3R95256			A4	A	A	A	A	
		120 gsm	3R5258			A4	A	A	A	A	
Xerox Performer *	Plain	80 gsm	3R90649			A4	A	A	A	A	
Xerox Recycled *	Plain	80 gsm	3R91165			A4	A	A	A	A	
Xerox Solid Ink Business Cards	Card Stock	225 gsm	3R97947	103R01042		A4	S	S			For occasional use at typical office environments.
Xerox Trifold Brochures	Card Stock	176 gsm	3R97946	103R01019		A4	A	A	A	A	Designed to be handled and be duplexable from all Trays.
High Resolution Photo Paper	Special	170 gsm	3R97945	016-1809-00		A4	S	S	S	S	For occasional use at typical office environments. Do not use this media in Xerographic printers.
Xerox Colour Laser/Copier Labels	Label		3R93872		1-up	A4	S	S	S	S	Replaces Phaser labels part numbers 016-1814-00 and 016-1815-00.
			3R93873		6-up	A4	S	S	S	S	
			3R93874		8-up	A4	S	S	S	S	
			3R93875		14-up	A4	S	S	S	S	
Xerox Premium Digital Carbonless	Plain	80 gsm	3R97108			A4	A	A	A	A	For occasional use at typical office environments - Best handling for Carbonless will be from Tray 2. Visible pick marks on the media is expected. Additional image quality defects may be caused by exclusive long term running of this media. This media is also susceptible to a low level of misfeeds, which will cause the media to be out of order.
Xerox Transparencies *	Transparency		3R98205	103R01040		A4	S	S	S	S	This transparency may be imaged on either side. Transparency selection in driver or tray to guarantee best results (available only on 8550).

WARRANTY DISCLAIMER
 Xerox makes no guarantees or warranties, either express or implied, concerning the performance, use or replacement of non-Xerox branded media or throughput products. Customers should inquire directly of their paper distributor or manufacturer for any guarantees they may offer. When purchasing a particular media product for the first time, customers are advised to purchase small quantities to insure that their expectations are met. The quality of Xerox supplies is consistent from ream to ream, carton to carton, and it is backed by a Xerox 100% guarantee. The quality of non-Xerox branded paper may vary from ream to ream or carton to carton, so for optimum performance on Xerox color equipment, use only the best-Xerox Supplies.
